Students

- Grades > Report Cards: Added the student/parent address to the skills-based report card template. WEB-1962
- Reports > TestHound Extract: Added the 10 digit state ID to column L of the student extract. The column is labeled StateStudentID. WEB-3913
- Students > Student Manager > TREx XML (new): Changed the name of a TREx element name from SAT-ACT-REIMBURSEMENT-INDICATOR to SAT-ACT-TSIA-REIMBURSEMENT-INDICATOR. WEB-3805

Bugs Fixed

Admin

- Admin > Global Settings: Sequences for fixed assets and purchase orders are now being created when a new district is created. WEB-3868

Compliance > State > Texas > TSDS

- ECDS > KG
  - The Education Organization and Master Schedule extensions no longer pull the invalid element CourseTitle. WEB-3948
  - The Staff Association no longer pulls the invalid element YearsOfPriorProfessionalExperience. WEB-3960
  - The Student Parent Extension no longer pulls the invalid element SchoolFoodServicesEligibility. WEB-3949
- RF Tracker: The Student Parent Extension no longer pulls the invalid element SchoolFoodServicesEligibility. WEB-3943

Finance

- General Ledger > Chart of Accounts > Account Codes: Manually named account codes are promoted with the previous year's description. WEB-3907
- Payroll: Fixed a bug preventing a payroll check run when the only entry is a PR statement. WEB-3890
- Reports
  - Leave Forms: The grand total is now correctly calculated for dock amounts. WEB-3915
  - Trial Balance: The date range in the report header correctly reflects the selected date range. WEB-3931

Students > Reports

- Clever Extract & Lexia Extract: Fixed the student extracts to correctly report ethnicity. WEB-3895
- FSP Six-Week Report and Principal/Superintendent Report: SPED FTEs now match on these two reports. WEB-3927
- Special Education Period Absence Report: The report no longer includes duplicate records. WEB-3880
- Student Demographic Extract: The PK Program Type column now pulls the correct text for the reported codes. WEB-3914
