Features denoted with  notates the feature was a Customer Idea. Features with **See Tech Doc**, have a technical document available on Team Support

Bug Fix

Attendance

WSDEV-1479

An issue in the Attendance Manager where clicking the date advance icon would not move past Sunday, November 2nd has been resolved. Users can now advance dates beyond this point as expected.

WSDEV-1482

Several issues in the Attendance Manager's Attendance By Section feature have been addressed. The section selection now persists when changing dates, and the display title has been corrected to 'Attendance by Section'.

Compliance Reporting

WSDEV-1490

A missing comma in the JSON for EDFI StudentEducationOrganizationAssociation #12 Section 504 has been added. This fix ensures proper formatting and prevents errors when adding multiple characteristics.

WSDEV-1511

Issues with the EDFI Bulk Delete functionality after UID changes have been resolved. Various student entities are no longer reporting the new UID records for deletion as no match, ensuring data accuracy.

WSDEV-1487

The Bulk Delete feature has been fixed to correctly filter by the selected cycle and student UID for attendance modules. This prevents unintended deletion of records and ensures more accurate data management.

WSDEV-1509

The EDFI Submission Tab has been updated to include new Attendance Cycles. Previously, it only included cycle 1, but now it supports multiple cycles for more comprehensive reporting.

Reports

WSDEV-98

A misspelling in the Budget Worksheet Report description has been corrected. 'Camparison' has been replaced with the correct spelling 'Comparison'.

Student Reporting

WSDEV-1488

The Special Education Contact Hour Detail Report, which previously displayed no data and blank pages, has been fixed. The report now correctly generates with the expected headers and data across all sites.

Federal/State Regulation

Other Finance

WSDEV-1478

The AFR Data Feed report for Charter Schools has been updated to comply with Audit 2.0 requirements. Changes include new subtotals in Section B7, the addition of Section B12 (Budgetary Comparison Schedule), and sections B15a and B15b have been renamed to K2 and K3 respectively. These modifications ensure alignment with the latest state reporting standards for charter schools.

WSDEV-1491

An AFR Data Feed Guide for Charter Schools has been created to provide guidance on how to properly set up the data feed codes, validate each data feed section, and run reports.

[See Tech Doc](#)

WSDEV-1489

The AFR B8 data feed section has been modified with several improvements. These include adding totals for various revenue categories, removing unnecessary line items, and adjusting calculations for net assets to ensure consistency with other sections of the report.

Compliance Reporting

WSDEV-1474

A new automated process has been implemented for EDFI UID changes. This process removes a student's old UID from EDFI Entities in reverse cascading order and then posts all Student entities using the new UID, streamlining the UID update process.

WSDEV-1390

Code 11, Brings a Firearm to School, has been added back to the Disciplinary Reasons for 2026-2027 school year. This addition expands the available behavior codes for more accurate reporting.

WSDEV-1394

New Program Assignment codes have been added. These include a default value for staffSchoolAssociation when a Teacher Incentive Allotment is designated, and codes 02-11 for use in OpenStaffPositions.

WSDEV-1411

Post Secondary Certification Licensure information has been marked for expiration as of August 31, 2026 to align with the new TSDS changes for 2026-2027. This change helps maintain the accuracy and relevance of certification and licensure information.

Other Student

WSDEV-1476

A new default setting has been added for High School courses. When creating a new High School course, the Course Type Code on the Attribute tab will now automatically default to 'High School Course' if the State Service ID indicates 'Allow Credit = True'.

Reports

WSDEV-1483

A new report has been added, the Audit Data Feed Budgetary Comparison Report. It includes revenue and expense sections, non-operating activities, and net asset calculations to align with the AFR App B12 requirements.

WSDEV-1485

The Audit LEA download report has been enhanced with financial filters. Users can now filter for objects greater than 5000, making it easier to obtain the correct amounts for the Audit Data feed and reducing the potential for errors

Scheduling

WSDEV-1513

The Course Type Code 'Other' has been renamed to 'Non-HS' in the Course attribute tab. This change aims to reduce confusion for users when setting up course attributes, particularly for high school courses.

Student Reporting

WSDEV-1471

The PK Eligibility and Funding report has been enhanced with new EDFI data elements. The report now includes Star of Texas and Child of classroom teacher information, with improved layout options for both PDF and Excel formats.

WSDEV-1152

The Student Detail Report has been revised to meet the Student Attendance Audit Log guidance. Changes include updates to calculations, addition of new program sections, and inclusion of early education program information.

TeamSupport Ticket

Compliance Reporting

WEBSMART-3054

An issue resulting in duplicate Section records due to ADA changes has been resolved. The EDFI section entity has been updated to use the ADA end date to resolve the issue and ensure correct campus association for section records.

Report Cards

WEBSMART-3046

An error in the Find Missing Students feature for Report Cards has been addressed. The error message related to 'full time or hybrid participation' has been clarified, and the

WebSmart 3.8.26.0 Release Notes

4

2026-Q1 Update Released: 03/12/2026

underlying issue with primary contact flagging has been resolved to ensure all eligible students are included in report card runs.
